## ABOUT ME

Currently I'm an undergraduated student of system analysis and development, and I'm also a history teacher. I'm constantly challenging myself to learn and study new subjects to acquire new knowledges. My hobbies range from chess, eletronic games, cinema, music, reading to yoga.

## OBJECTIVE

I'm looking for a traineeship as a web and software development, either with front-end or back-end programming. I'm very interested in working with recent technologies in the web development area. My development skills are from basic to intermediate level. I am also available for remote jobs and moving to other cities.
