ABOUT ME

Currently I'm an undergraduated student of system analysis and development, and I'm also a history teacher. I'm constantly challenging myself to learn and study new subjects to acquire new knowledges. My hobbies range from chess, eletronic games, cinema, music, reading to yoga.

OBJECTIVE

I'm looking for a traineeship as a web and software development, either with front-end or back-end programming. I'm very interested in working with recent technologies in the web development area. My development skills are from basic to intermediate level. I am also available for remote jobs and moving to other cities.
